FIRE EXTINGUISHER CABINETS AND STANDS

Brooks' MARK SERIES FIRE EXTINGUISHER CABINETS better fit today's extinguisher sizes and feature injection-molded ABS plastic construction, making them dent, rust, and corrosion proof. They come with a brass lock, plastic cover, and screen-printed pictograms on the sides. There is no glass to break or breaker bar to lose, and since they are light and nest easily together, freight charges are a fraction of what metal cabinets can cost. Priced per cabinet.

NOTE: See sizing chart below for dimensions.

The All Everything Indoor/Outdoor Cabinet

FireTech™ FIRE EXTINGUISHER CABINETS work well indoors or out, thanks to their high-impact polystyrene construction and ultraviolet inhibitors that keep the color from fading, regardless of the weather or environment. They nest together, and their light weight reduces shipping costs over metal cabinets. Each cabinet includes an injection-molded frame, a scored break front, plastic cam lock with key, break-front striker, and a screen printed pictogram on the side.

All **FireTech** parts are interchangeable with **CATO Chief Cabinets**.

The **ACADEMY**, **AMBASSADOR**, and **COSMOPOLITAN SERIES CABINETS**, manufactured by **J.L. Industries**, are some of the finest cabinets available. They are made of aluminum with a clear anodized finish (**Academy**) or steel with electrostatic white epoxy primer finish (**Ambassador**) or all stainless steel (**Cosmopolitan**). All cabinets include a continuous hinge door and acrylic front with squared edge construction. (The 3" trim model has rolled edge construction). Three different acrylic door styles are stocked: **Full Acrylic**, **Full Acrylic** with **Saf-T-Lok**, and **Contemporary V**. **Full Acrylic** and **Contemporary V** models are equipped with zinc-plated pull handles and roller catches, while the **Full Acrylic** with **Saf-T-Lok** models use pull handles with keyed-alike cylinder locks and flexible cams.

NOTE: Remember to add the wall material thickness to your wall depth when determining the cabinet you need. Not responsible for acrylic breakage during shipping.
